Land at Baldock Radio Station – Royston Road Wallington – change of use of land to provide new race horse training facilities comprising 42 stables including feed, tack storage and office, two storage barns one equine pool with plant room, solarium and sandroll, one warm up track, one horse exerciser and one six furlong gallop. Associated staff accommodation comprising temporary accommodation. Associated works access tracks and widening of the existing vehicular crossover on to A505.

The only concern that has been previously raised to NHDC is the proposed widening of the vehicular access on the A505 as this junction is already quite blind and if larger slower vehicles are to cross this could be very dangerous.
